

Your Husbands
Tormenters!!
Will you order
him to speak for us

the aristocracy while you
are a serf, a slave

Dear Mrs Phillips

I am writing
to day to all the rich women
I know for donations that
we may be able to send tracts
& lecturers into all the states
that now propose to take the
word "white male" out of their
constitution. If women
will not do the work, I
have no hope for I am sure
the men will not. Human
nature is the same in all
ages & no privileged order
ever did see the wrongs of
its own victims. American
Statesmen can be eloquent
in denunciation of an aris-
tocracy based on color.
